SAN GORGONIO
EDUCATION FOUNDATION

San Gorgonio Education Foundation
2021/22 Funding for Schools

The San Gorgonio Education Foundation (SGEF) strives to promote and encourage innovation in education. The Foundation's "Grants for Schools" is intended to fund creative instructional projects and programs implemented by Banning Unified School District personnel.

Within Banning Unified School District, the following may apply for one grant up to $1,000 this year: educators; grade-level teams; departments; campus-based organizations, clubs, and teams. There is no restriction on the number of separate applications submitted from any one school.

A panel of judges will determine the recipients of SGEF grants. Panelists will be members of the Banning community. Judges will determine winners based on redacted applications.

Applicants should be able to answer the following questions: Does the project foster an expanded educational experience? Is it subject-specific or interdisciplinary? Does the grant budget support the project? Does the project or program engage a significant number of students and/or affect the classroom experience?

The program or project should present clear and concise statements of goals and objectives. Applications should be completed with care, edited and proofread. Please use the original application. Additional pages may be added if extra space is needed. Please make a copy of your completed application to keep for your records. Altering the original application can result in disqualification.

The San Gorgonio Education Foundation assumes grant recipients will follow through with their projects and programs in good faith, and request beneficiaries to present or summarize their results to the foundation before the end of the school year, via any format that is convenient to the recipient.

This application will be available online at www.sgefoundation.com. For additional information, contact Gae Rusk at (808) 639-6817, or David Heiss at dheiss@recordgazette.net .
